What Happens on the Hill Matters - How Virginia Government Impacts Your Agency

"Politics really aren't my thing. I'd rather stick to insurance."

If you can relate to this thought, then this class is for you. During this 2-hour session, we'll help you understand the workings of the executive and legislative branches of Virginia's state government. We'll specifically focus on executive and legislative branch agencies that impact the insurance industry, including the Bureau of Insurance.

This is your opportunity to learn how what happens at the Capitol directly impacts you and your client – and how you can have a direct impact.

This session will be presented by former two-term Lieutenant Governor Bill Bolling, a lifelong insurance professional.

Course # 220509 | 2 Ethics

Cost: PIA member-\$25; Non-member-\$35
