

The fifth annual 2021-2022 National Underwriter/PIA Insurance Agents Survey has launched.

This year's survey will take a closer look at how insurance agents are preparing for the future by delving into such issues as education, recruitment and staffing challenges, professional training and diversity initiatives.

Your responses to this survey will help form the most complete picture of what's happening with today's professional independent insurance agents.

The link to the survey can be found here:
